

BIOLOGICALLY DEGRADABLE LUBRICANTS

Grade	Description
Biomot LD	Long life diesel engine oil
Aquasynth	Self mixing 2-stroke engine oil specifically for marine outboard engines
EP Gear Synth	High-duty gear oil for industrial drives, gearboxes, final drives etc.
Biofluid ZFH	ZF approved TOU/UTTO for hydraulic systems, gearboxes and wet brakes
Mystic 20	Universal cleaner, water-soluble, non-flammable, non toxic and free of solvents
HLP Synth	Long life high performance hydraulic oil
Hydroflush	Flushing oil, for use when replacing conventional hydraulic oils with HLP Synth
Arctic Biosynth	Refrigeration compressor oil (R 134a, FCKW-free)
MT Biosynth	Heat transfer oil
Contact Synth 22	Airline lubricant for pneumatic tools
Texil Synth 60	Colourless, water soluble textile machine oil
Form Synth	Ready to use universal form oil
Biofrom	Separating agent concentrate
Chainlube Nat	Mineral oil free chainsaw oil
Chainlube Synth	Synthetic chainsaw oil
Intracut R	Food compatible thread-cutting oil
Synthcut 9	Metalworking oil for pressing and pipe bending
Synthcut 20 & 25	Metalworking oil for all machining and punching. For thin to medium thickness material
Intracool BioSynth	High-duty, long life coolant, free of mineral oils, nitrite and chlorine
Biogrease	Multi-purpose grease
